

# OCAD Pricing

| OCAD for Single User                             | Viewer | Course Setting for Single User | Starter for Single User | Orienteering for Single User | Mapping Solution for Single User |
|--|--------|--------------------------------|-------------------------|------------------------------|----------------------------------|
| price per license                                |        |                                |                         |                              |                                  |
| 1-year subscription                              | free   | 30.00                          | 75.00                   | 150.00                       | 500.00                           |
| 3-year subscription (incl. 10% runtime discount) | free   | 81.00                          | 202.50                  | 405.00                       | 1'350.00                         |

| OCAD for Teams                                   | Viewer | Course Setting for Teams | Starter for Teams | Orienteering for Teams | Mapping Solution for Teams |
|--|--------|--------------------------|-------------------|------------------------|----------------------------|
| price per license*                               |        |                          |                   |                        |                            |
| 1-year subscription                              | free   | 30.00                    | 65.00             | 130.00                 | 420.00                     |
| 3-year subscription (incl. 10% runtime discount) | free   | 81.00                    | 175.50            | 351.00                 | 1'134.00                   |

\* Minimum order quantity for the "Teams" subscription option is two licenses, additional licenses can be added easily.

## Subscription Option OCAD Single User

Target audience: Individual users.

Minimum order quantity: 1

Activations per license: 1 automatic, further activation for own devices on request (e.g. field tablet)

Automatic license transfer: Yes, automatic transfer is possible with the [License Transfer Utility](#).

## Subscription Option OCAD for Teams

Target audience: companies and teams/clubs

Minimum order quantity: 2

Activations per license: 1 activation

Automatic license transfer: Yes, automatic transfer is possible with the [License Transfer Utility](#).

There are two types of **discounts**, which can be cumulated:

- **Runtime discount:** If you buy a 3-year subscription (Single User or Teams) you will receive a discount of 10% compared to the 1-year subscription.
- **Volume discount:** The discount applies to the total amount of all licenses (Team and Single User) of one edition (Course Setting/ Starter/ Orienteering/ Mapping Solution) per order.
  - 3 licenses 10%
  - 4 licenses 15%
  - >=5 licenses 20%

Example: Pricing for 4 OCAD Orienteering Team licenses, 3-year subscription =

4 (number of licenses) \* 130 (price 1-year subscription) \* 3 (number of years) \* 0.9 (runtime discount) \* 0.85 (volume discount) = 1'193.40 CHF

All prices in CHF, excluding VAT.
